

# Arya Medical Spa

## Entire Office

**Designer:** Pat Schmidt Interiors  
**Architect:** Spencer Architects  
**Contractor:** Shores Builders INC.  
**Location:** Shiloh, Illinois

Cooperworks was proud to deliver a full interior buildout for Arya Medical Spa, turning the office into a clean, modern space designed for both treatments and consultations. The space was built to be both durable and visually appealing, with custom plastic laminate cabinetry used throughout. We worked closely with the designer and the client to choose finishes like a modern mix of Crystal and Blackened Legno High Pressure Laminate (HPL), and Backlit Quartzite Stone—each helping to create a calm, modern feel. The finished space balances function and style, supporting Arya's focus on wellness in an environment that will stand the test of time.

**Casework:** Crystal & Blackened Legno HPL, Quartzite Stone

**Countertops:** Crystal & Blackened Legno HPL, Quartzite Stone

**Spaces:** Injection Rooms, Facial, Cool Sculpt, Breakroom, Product Display, Conference Room, Coffee Bar, Laser Room, Hall Work Area, IV Room

*Our passion. Your vision. Delivered to perfection.*
