

# Buena Vista Bank

## Teller Line & More

**Architect:** Quadrant Design Inc.  
**Contractor:** Nevois Const.  
**Location:** Red Bud, Illinois

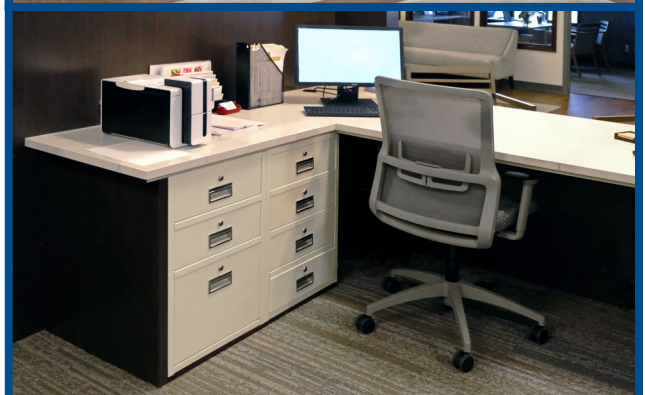

With a mutual commitment to enhancing this charming Illinois town, Cooperworks joined forces to renovate an existing building for the new Buena Vista Bank. Paying close attention to meeting precise electrical and data needs, the project team spared no effort. Crafting tailored teller stations with a blend of textured metal laminate, teak plastic laminate, and warm white quartz, Cooperworks delivered both style and durability. The outcome is refined yet welcoming for local patrons.

**Plastic Laminate Casework:** Nevamar Valentia Teak High-Pressure Laminate (HPL), Chemetal Metalwave Dark

**Countertops:** Formica Gray Renew Solid Surface, Wilsonart Capogrossi Quartz

**Spaces:** Bank Lobby, Teller Stations, Drive-Thru Teller Window, Workroom, Restrooms

*Our passion. Your vision. Delivered to perfection.*
