

MAC Medical Corporate Office

Architect: In-house Design
Contractor: George Weis Co.
Location: Columbia, Illinois

Cooperworks showcased their creative skills by designing and crafting casework for MAC Medical's corporate office. Prioritizing the team's comfort and productivity, the team constructed stand-up desks by melding Black Rain plastic laminate with the sleek elegance of Artic Dune solid surface. They also conceptualized an open-floor layout to encourage collaboration and seamless movement. The contemporary black and white cabinetry design complemented the MAC Medical signature blue in the carpet and walls throughout the space.

Plastic Laminate Casework: Wilsonart Black Rain Thermally Fused Laminate (TFL)

Countertops: Wilsonart Arctic Dune Solid Surface

Spaces: Reception Area, Collaboration Area, Showroom, Offices and Workstations, Break Room, Locker Area, Restrooms

Our passion. Your vision. Delivered to perfection.
