

Marissa Fire House

Kitchen, Dispatch Room & More

Architect: Quadrant Design
Architects & Planners

Contractor: Middendorf and Reuss
Construction Inc.

Location: Marissa, Illinois

The Marissa Fire House kitchen has been meticulously designed to provide long-lasting functionality for our first responders. Featuring high-performance 14-gauge type 304 stainless steel countertops, this kitchen is built to endure the most demanding conditions. The cabinetry is constructed from durable, frameless high-pressure laminate, finished in an elegant Windsor Mahogany color. This commercial-grade kitchen is a reliable and enduring asset, ensuring the highest standards of quality and efficiency for years to come.

Casework: Windsor Mahogany High-Pressure Laminate (HPL)

Countertops: 14-gauge type 304 Stainless Steel

Spaces: Kitchen, Dispatch Room, Printer Area

Our passion. Your vision. Delivered to perfection.
