

Memorial Hospital Gift Shop

Point of Sale and More

Contractor: George Weis Company

Location: Belleville, Illinois

Cooperworks joined forces with the George Weis Company to transform Memorial Hospital's Gift Shop into a modern retail space. Together, we crafted a custom, contemporary point-of-sale area with casework designed for convenient storage and access. The Anzio Marble High-Pressure Laminate (HPL) beautifully complements the contemporary glass tiles, while low walls contribute to cost savings and ADA compliance. Throughout the shop, display fixtures combine the warm elegance of Shaker Cherry HPL with Rock Salt Solid Surface, reinforced by stainless steel corner guards for added durability.

Plastic Laminate Casework: WilsonArt Fashion Grey HPL, WilsonArt Shaker Cherry HPL
