

Memorial Hospital Family Care Birthing Center

Architect: Arch Images

Contractor: Holland Const. Services

Location: East Shiloh, Illinois

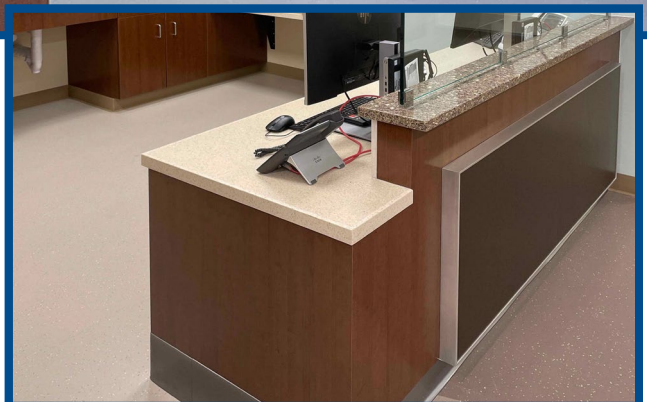

Cooperworks collaborated to create the new Birthing Center at Memorial Hospital, introducing a design that blends the warmth of Shaker Cherry plastic laminate with the contemporary look of Halstead Quartz. This combination infuses the center with a homey ambiance, ensuring comfort for both mothers and their birthing partners. Noteworthy features of the private rooms include bathrooms adorned with curved solid surface vanity tops featuring integral aprons, plumbing wall caps, and an elegant waterfall leg.

Plastic Laminate Casework: Wilsonart Shaker Cherry Thermally Fused Laminate (TFL) , Nevamar Classic Rock Textured Finish

Countertops: Cambria Halstead Quartz, Staron Sanded Papyrus Solid Surface, Formica Solid Luna Concrete Surface

Spaces: Labor & Delivery Rooms, Nurses Station, Reception Area, Medication Room, Supply Room, Restrooms

Our passion. Your vision. Delivered to perfection.
