

Moshiri Orthodontics

Reception Desk & More

Architect: Green Curve Studio
Contractor: Kevlind Contracting
Location: St. Louis, Missouri

The Moshiri family of orthodontists recently relocated to a newly renovated office featuring state-of-the-art private exam, treatment, and sterilization rooms. Cooperworks collaborated on a custom design to balance the practitioner's functional and aesthetic needs, including a welcoming reception area that seamlessly blends grey laminate casework, luxury quartz, and striking decorative metal accents. Every detail was carefully considered, optimizing the space with casework configured to accommodate dental equipment, enhance staff workflow, and cater to patient needs.

Plastic Laminate Casework: WilsonArt Grey Elm High-Pressure Laminate (HPL), WilsonArt Pearl Soapstone HPL, Formica Thermo Walnut HPL, WilsonArt Twilight Zephyr HPL

Countertops: WilsonArt Silver Smoke Solid Surface, Cambria Windsor Brass Satin Ridge Quartz

Metal Accents: Moz Metal Aged Gold Skinz

Spaces: Reception Area, Private Consult Rooms/Offices, Treatment Rooms, Sterilization Room, Lab

Our passion. Your vision. Delivered to perfection.
