

# Watson's of O'Fallon

## P.O.S. Counter and more

**Contractor:** Middendorf & Reuss Const.  
**Location:** O'Fallon, Illinois

Cooperworks partnered on the design and build of custom casework for a large, specialty outdoor retailer. The owner selected the durability of high-pressure laminate (HPL) for the new point-of-sale counter, sales desks, and display units. This updated design not only refreshed the store's appearance but also streamlined the shopping experience, facilitating easier checkout and better visibility of pool and spa supplies.

**Plastic Laminate Casework:** Wilsonart Designer White HPL ,  
Wilsonart Mambo HPL

**Countertops:** Wilsonart Oiled Soapstone HPL

**Spaces:** Point-of-Sale Counter, Display Units, Sales Desk Units
